DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 20 is rejected under 35 U.S.C. 102(b) as being anticipated by Lardellier (U.S. Patent 4940196).

Lardellier discloses : a method for removing a nacelle assembly from an engine, the nacelle comprising a generally annular body having an air inlet and an air outlet, a first attachment means (27e) and a second attachment means (27c), the generally annular body encircling a region of the engine when working in operative association with the engine, the first attachment means being attached to a rigid member and a second attachment means being attached to a casing assembly on the engine (Fig. 1; col.4, lines 41-50), the method comprising the steps of releasing the first attachment and translating the nacelle substantially parallel to the axis of the engine (col. 5, lines 27-40).

Response to Arguments

2. Applicant's arguments filed 1/29/07 have been fully considered but they are not persuasive. Lardellier discloses the method comprising the steps of releasing the first attachment and translating the nacelle substantially parallel to the axis of the engine (col. 5, lines 27-40).

Conclusion

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
